### CAREER STATEMENT

*"I have been developing business websites, e-commerce sites, and websites for professionals for seven years. I have been also setting up marketplace sites, learning management systems and keeping managing them. While doing so, I have been using wordpress and woocommerce in an advanced degree. I can also manipulate themes and plugins. I can use divi builder, elementor and wp bakery build as theme builders also in an advanced level. Additionally, I am also very knowledgeable in html and css. I can manipulate themes and plugins with javascript and php if necessary. I can also design logos and optimize visuals using photoshop. I am also proficient in e-commerce systems. I can make whole product import/export. I can work on CVS files and provide shipping and payment integrations. While i was working remote, I could use tools like basecamp, asana, slack and discord efficiently. I had created multilanguage websites. I am knowledgeable to the all processes of a setting up a website from zero to final product. I have advanced knowledge in Google SEO. I am also proficient in the topics of optimization of a security and speed of a website. I am proficient in Google ads and i also manage advertisement campaigns of the companies which I have created websites for. I can transform the designs created in sketch and marvel app to a proper wordpress theme, I have done so for my previous customers. I can answer all the design requests when demanded. Fort the projects i have worked on I never had any problems with deadlines. I always deliver my projects fully tested in all aspects."*
